

# SMART GRID IRELAND

Membership

# WHAT WE DO

Smart Grid Ireland is an independent, industry led networking cluster influencing government and regulation, promoting good corporate citizenship and actively driving technology solutions that accelerates the cultural and societal changes needed to achieve a digitalized, decentralized and decarbonised electricity network and improve the Island of Ireland's international competitiveness.

# OUR AIM

## **Our Mission**

To accelerate the urgent deployment of a highly integrated and flexible electricity grid on the island of Ireland that promotes both economic growth and the energy transition to net zero. We aim to bridge the gap between policy, regulation, investment and delivery.

## **Our Guiding Principles**

- Bridging the gap between policy, regulation, investment and delivery
- The co-ordination of expertise
- The prioritisation and promotion of grid solutions
- All Ireland Representation and Engagement in Smart Grid Development
- By being a founding member of The Global Smart Grid Federation, we will be the link to International innovations, publications, policies & trends

# BENEFITS

As a member, you'll be part of an industry-led networking cluster working towards a brighter energy future for Ireland.

Value Proposition:

- Active Network of Multinational Smart Grid Energy Companies (Cross Sector)
- Influence Government & Regulator on Smart Grid Energy Policy & Strategy
- Operate Close to the Customer and help to Define / Recommend Supply Solutions
- Become a voice of the Industry as part of a Key Stakeholder Working Group
- At the Leading Edge of Smart(er) Grid Energy Deployment / Innovation
- Create Value for Members and Customers through Collaboration / Good Practice
- Identify Potential Commercialisation Opportunities for Members
- Partnership Platform for Collaboration with SGI Businesses for Mutual Benefit
- As a founding member of the Global Smart Grid Federation, Smart Grid Ireland provides access to international publications, innovations, policies & trends.
- Access to a wide range of educational events and information – webinars, workshops, newsletters & more.
